Some Instructions Sent Out From the Navy Department.

Boats Sent to Behring Sea—Conference Between Mr. Blaine and Sir Julian Pauncefote.

[By Telegraph to the BULLETIN.]

WASHINGTON, April 9.—The sailing instructions to the United States vessels that will cruise in Behring sea this year were completed at the state department yesterday and submitted to a conference of United States officials at the navy department. There were present Secretary Tracy, Commodore Ramsey, General J. W. Foster and Mr. Edward O'Brien, commissioner of navigation, treasury department. The instructions were considered with great care.

The Yorktown and the Adams were ordered to proceed from San Francisco to Puget Sound. The ultimate destination of the vessels is Behring sea.

The Baltimore and Charleston also at San Francisco, were ordered to Astoria, Or., to participate in the centennial celebration of the discovery of the Columbia river, on May 12.

The Concord now in the West Indies, was ordered to proceed if practicable, up the Mississippi river, to Memphis, Tenn., to be present at the opening of the bridge spanning the Mississippi river at that point, which is set for May 12th.

Prior to this conference at the navy department, Secretary Blaine had a conference with Sir Julian Pauncefote, the British minister, on the Behring sea subject. Around the state department, while no one will talk directly upon the subject, the impression prevails that the modus vivendi is perfected and will be announced in a few days.

In addition to the instructions to Behring sea vessels, the conference of officials at the navy department had under consideration the matter of tonnage due from vessels of Norway and Sweden, about which there is some controversy.

FOUND IN A MOUND.

Four Skeletons of Indians Discovered Through a Dream.

MARSHALL, Mo., April 9.—Mrs. James Dyke last spring traded for a piece of land from Press Adams, located about ten miles south of Marshall. Upon the land just in front of the house now occupied by Mrs. Dyke and family was a mound of dirt which had never been molested. Some nights ago her son, Sam, dreamed that within the mound was wealth untold. With the determination of investigating, he went to digging the next morning.

After going down several feet he struck a flat rock, and after diligent labor he removed the slab, not to find hidden treasures, but the skeletons of four men roughly walled in on all sides by rocks. The skulls are well preserved, but the other bones of the bodies crumbled to ashes as soon as submitted to the atmosphere. A pipe was also taken from the vault. The supposition is that the remains are of some distinguished Indian family who died during an epidemic. There are several mounds all over the Blackwater bluff in that vicinity which have been excavated, but this is the first one in which anything has been found.

SENATE AND HOUSE.

Proceedings of Both Branches of the National Legislature.

WASHINGTON, April 9.—After the routine morning business in the senate the consideration of the District of Columbia appropriation bill was resumed, the question being upon the appropriation for entertaining the national encampment of the Grand Army of the Republic. After a long discussion the senate, by a vote 41 to 10, passed an appropriation of \$100,000 for subsistence and quarters of the Grand Army at their encampment in Washington in September next. The District of Columbia appropriation bill, including the above item, was then passed and the senate adjourned until Monday.

The house yesterday concluded the general debate on the cotton tie bill, and a vote will be taken on the measure today. Mr. English, of New Jersey, opposed the measure. Mr. Simpson, Farmers' Alliance, of Kansas, and Mr. Hemphill, of South Carolina, spoke in its favor. The bill was reported to the house, and Mr. Turner gave notice that a vote would be taken on the bill today before the delivery of enlogies upon Hon. M. H. Ford.

JUDGE FOSTER PROMOTED.

Chill's Present Cabinet Shows a Disposition to Act Fairly.

VALPARAISO, April 9.—Judge of Crimes Foster, who conducted the investigation of the assault upon members of the crew of the United States steamship Baltimore, was promoted to the court of appeals at a meeting yesterday, of the council of the state. Five court of appeals judges in all have been appointed, two from the conservative party, and three from the liberal ranks. This proves the desire of the present cabinet to act fairly in the distribution of offices.

It is reported that Admiral Walker's squadron has sailed from Ensenada, Argentina. Its destination is not known.

WHEELING, April 9.—Frank Leslie, the keeper of a notorious dive here, was shot and killed last night by his wife, who followed him to a house of ill-fame. Mrs. Leslie is under arrest.

MURDER TRIAL ENDED.

Harry Trogden Gets a Five Years' Sentence at Brazil, Indiana.

BRAZIL, Ind., April 9.—After being out all night the jury in the Trogden murder case returned a verdict yesterday sentencing Trogden to five years' imprisonment. The trial occupied three days, and excited much interest. On the 28th of July, 1890, in Vigo county, not far from the Illinois state line, Harry Trogden, aged twenty-one, shot and killed Hayes Sanders, aged thirty-five. Sanders was road supervisor, and Trogden was working for him. During the day there was a quarrel between the men, which was resumed in the evening with the result as above.

The verdict returned yesterday was the result of the third trial of the case. The first time the jury disagreed, and the second time Trogden was sentenced to three years' imprisonment. Immediately after the verdict was read yesterday, the defendant's attorney moved for a new trial, and the motion will be passed upon on Monday. Trogden has wealthy parents. The cost of the trials so far had aggregated about \$10,000.

FORGOT HIS ORDERS.

Wreck on the Cleveland, Akron and Columbus Road.

MOUNT VERNON, O., April 9.—A bad wreck occurred on the Cleveland, Akron and Columbus road at the summit of the steep grade, about twenty-three miles from here. A freight train, assisted by a pusher, was going west. The flagman had orders to hold the east-bound passenger until the freight passed, but he forgot his orders and a collision followed.

About a dozen passengers were injured, some of them seriously, and several freight cars were wrecked. Those seriously injured are: Engineer T. B. Reed, Mrs. Tipton, of Black Creek; Mrs. W. H. Latt, of Columbus; W. H. Koch, of Millersburg; H. Irwin, of Westerville, and S. L. Nearing, of Darville.

J. HAY BROWN.

A Pennsylvanian Likely to Succeed Justice Bradley.

LANCASTER, Pa., April 9.—It can be stated on highest authority that President Harrison has practically decided to nominate J. Hay Brown, of this city, for the seat on the supreme court of the United States made vacant by the death of Justice Bradley. Mr. Brown was warmly endorsed by the Pennsylvania senators and Congressmen Brosiaus.

Mr. Brown has for many years had the largest practice in the local bar, and exercised a large influence in Republican circles. He is the senior member of the law firm of Brown & Hensel, Attorney General Hensel being the junior partner.

Married Her Dying Lover.

LOUISVILLE, April 9.—While the groom lay upon his deathbed Miss Anna Yeston and J. B. Fermann were united in marriage Thursday morning. Mr. Fermann has been ill for the past month, and his physicians say he can survive but a short while longer. Though death is hourly expected, his sweetheart prevailed upon him to let her alleviate his last sufferings by being constantly at his side. A minister was sent for and the ceremony was performed, the bride sitting on the edge of the bed holding the sick man's hand. Fermann is a prosperous young merchant of this city.

A Home for History.

CLEVELAND, April 9.—The Western Reserve Historical society, the oldest and most important organization of its class in the state, Thursday concluded the deal by which it secures the handsome three-story stone block, formerly occupied by the society for savings. It will be used to accommodate the valuable library and museum of the association, which are among the most notable in the west, but have long been cramped for room. The property is located on the public square and is valued at \$80,000.

The Storm's Sequel.

LITTLE ROCK, April 9.—The particulars of last Tuesday night's storm have just been received. The cyclone struck the northwestern portion of Faulkner county and swept the county for several miles. The house of John Hale, near Quitman, was blown to pieces, and the chimney fell upon and crushed Hale to death. Twenty dwellings were demolished and over fifty persons were injured, some of whom will die.

In a Deplorable Condition.

SAN ANTONIO, Tex., April 9.—The country between Corpus Christi and Laredo is in a deplorable condition. Crops are lost and cattle are dying by the thousands. The bones of the dead animals are being collected in great piles at every Mexican National railroad station. Cattlemen are feeding some of their stock on burned cactus to save them. It is the worst drought for years in that region, and the loss is beyond computation.

College Dynamited.

BEILTON, Tex., April 9.—The city was thrown into excitement about 10 o'clock last night by a dynamite explosion. The deadly stuff had been placed under the steps at the entrance to Baylor female college grounds, and the steps and gate were torn to pieces and fragments thrown many feet distant. Several persons had passed just before the explosion. With what intent it was done is not known.

With Her Schoolmate Now.

FRANKLIN, Ind., April 9.—Miss Emma Duncan, nee Mount Olive, is dead after six months' illness of consumption. During her illness she frequently went into long trances and upon being aroused would speak of conversations had with Emma White, a schoolmate, who died last August.

RAILROAD RESPONSIBLE.

A Defective Engine Causes a Disastrous Railroad Wreck.

CORNELLSVILLE, Pa., April 9.—A disastrous wreck occurred four miles north of this place yesterday afternoon on the Pittsburgh, McKeesport and Youghiogheny railroad, in which the fireman, W. T. Hettelman, and a brakeman named W. E. Lazell were instantly killed. The wreck was caused by a loose tire on one of the drivers of the engine. Engineer Martin was also seriously injured and may die.

It was proved at the coroner's inquest that the engine had been out of repair for some time, and that the engineers were running it under protest, having reported its condition to the proper parties. The jury rendered a verdict, accordingly, holding the railroad company responsible for the accident.

Reducing the Price of Whisky.

PEORIA, Ill., April 9.—In view of the formation of a company of capitalists in this city and Chicago to build two large distilleries at this point, it is given out this morning that the trust is contemplating the cutting of the price of spirits here two cents per gallon to meet the proposed opposition. It is also reliably reported that President Greenhut will recommend such a reduction, all of which means the cutting of the next dividend to one-half of 1 per cent. quarterly. It is stated that the building of the new distilleries will result in reducing the price of spirits to \$1.03 per gallon within thirty days.

Fighting a Forest Fire.

WATERFORD, N. J., April 9.—A forest fire broke out yesterday near Cedar Brook, and spread rapidly in all directions. Hundreds of acres of woodland were destroyed, and the houses of Andrew McGinley and Howe were burned. Many dwellings and other buildings were saved only after great labor. The fire is severest near North Chesilhurst, and endangers Pistor's hotel, the extensive Dunbar henney, and other valuable property. The loss thus far is estimated at \$30,000. Citizens are fighting the fire, and, as rain has begun to fall, it is probable that the flames will be checked.

Lehigh Canal Closed.

BETHLEHEM, Pa., April 9.—Lock men along the line of the Lehigh canal received notice yesterday not to let any empty boats return to Mauch Chunk. It is thought that the canal will be closed so as not to effect the Reading combination coal tonnage. The canal was carrying thousands of tons to places along the Lehigh river and many dealers were arranging to get their entire tonnage in that way. A very prosperous summer was anticipated by the boatmen.

Advancing Physical Education.

PHILADELPHIA, April 9.—The beautiful and capacious auditorium of the Drexel institute held a body of delegates yesterday that probably half filled it. The assemblage, in which there was a liberal representation of the gentler sex, comprised the American Association for the Advancement of Physical Education. The association is now convened in annual meeting.

Getting Ready for the Monument.

NEW YORK, April 9.—The cornerstone of the tomb and monument to be erected in this city to the memory of General Grant will be laid on the 27th inst. Mayor Grant has issued a proclamation calling the attention of the citizens of this city to the fact that the present time is a fitting one for the completion of the fund necessary to carry out the undertaking.

An Accidental Killing.

MUNCIE, Ind., April 9.—Yesterday afternoon at Albany, in this county, Roland Hobbs, aged seventeen, shot and killed Walter Shonley, aged thirty. Hobbs shot at a mark on a public outbuilding, using a Flobert rifle. The bullet penetrated the board and struck Shonley, who was inside. The accident was not discovered for several hours.

Hurled Thirty Feet Below.

FRANKLIN, Ind., April 9.—W. A. Coffman, while riding to the city yesterday met with a terrible accident. His horse jumping through the balustrade of a bridge, and hurling the rider thirty feet below. Mr. Coffman may recover.

Well Known Citizen in Trouble.

LIMA, O., April 9.—J. R. Miller, a hardware merchant at Ohio City, twenty miles west of here, in Van Wert county, was arrested yesterday for forgery. Miller has heretofore been considered one of Ohio City's best citizens.

With a Rope Around His Neck.

WILLIAMSPORT, Pa., April 9.—The body of George H. Reider, a well known citizen of this place, was found hanging from a fence this morning with a rope around his neck. No cause is known for the suicide.

Burglars' Raid.

WEST JEFFERSON, O., April 9.—This town was raided Thursday night by burglars. The safe at the depot was blown open and \$35 in change taken. Keuhne's grocery was broken into and several other stores.

Judge Sage's Aunt Dead.

NORWALK, O., April 9.—Mrs. Julia Carter, wife of G. Carter, an old resident of this city, died yesterday morning, aged seventy-seven years. Mrs. Carter was an aunt of Judge Sage, of Cincinnati.

Calf With Six Feet.

MOORESVILLE, Ind., April 6.—Linnaeus Cain owns a calf with six distinct feet, all of which are used in walking. Its mother dropped a calf last year with an equal number of feet. That calf is still living.

Murderer Sentenced.

MCARTHUR, O., April 9.—Mike H. Woolweaver, the murderer of Frank Lehman, was sentenced to five years' imprisonment in the penitentiary.

AUSTRIA ALARMED.

The Anarchists Are Trying to Run the City of Vienna.

Special Police Necessary to Protect Property From Incendiaries. Other Foreign News.

[By Telegraph to the BULLETIN.]

VIENNA, April 9.—Great excitement was caused yesterday by another incendiary fire. A mansion on the Ring strasse was reported to be in flames, and when the police and firemen hastened to the place, they found every evidence that the fire was the work of anarchists. The flames had already got considerable headway, but the firemen succeeded by extraordinary exertion in preventing the spread of what had threatened to be a serious conflagration.

In their work they met, as on former occasions, with vexatious interference by the crowd that gathered to the scene, and which undoubtedly included a number of anarchists. The latter tried to create a row, and pushed people in the way of the firemen, trampled on the hose, and cut it in several places. There is reason to believe also that an effort was being made to interfere with the water supply.

Had the fire spread, it would have desolated one of the most aristocratic sections of Vienna. The Ring strasse is one of the most splendid streets in the world. It is lined with the mansions of noble and wealthy citizens, against whom the anarchists have of late directed their threats. In view of recent incendiary attempts, the wealthier people are having their houses specially guarded, while the police force has been strengthened on the Ring strasse, the Prater strasse and the other neighborhoods where the well-to-do reside.

IMPORTANT IF TRUE.

Argentina Will Provide a Coaling Station for the United States Navy.

LONDON, April 9.—A dispatch from Buenos Ayres to The Times says that the American minister, the Hon. J. Pitkin, and Admiral Walker, commander of the American squadron in South American waters, are in daily conference with the foreign minister of Argentina, and that it appears that a secret agreement has been entered into, whereby the republic of Argentina guarantees to provide a coal and provision depot for the United States navy. The depot at Libertad, ostensibly used for storing commercial goods of an inflammable character, will, it is understood, be considered suitable, provided the Argentine government will rescind the present lease.

Admiral Walker induced President Pellegrini to entertain the proposal with a view of making a national depot at the mouth of the Rio Plata.

The Americans, says The Times' correspondent, ably exploited the offer, but both Argentine and foreign diplomats agree that the speeches of the American minister and secretary of legation at the banquet to the officers of the American fleet were indiscreet, to say the least.

Fourteen Were Lost.

LONDON, April 9.—A dispatch from Hamburg states that the loss of life by the sinking of the steamer Hansa in collision with the steamer Falkenberg was larger than at first reported. The first dispatches said that seven of her crew had gone down with the sinking vessel. It now transpires that fourteen lives were lost. Some of the drowned belonged to the crew, while the others were passengers.

Quay Destroyed by Fire.

BREMEN, April 9.—The East Bremerhaven quay was destroyed by fire last night with all of the goods that were stored there. The loss includes 2,000 bales of cotton and 400 tons of corn from the British steamer Bengore Head, Captain Smith, from New Orleans, and also a large quantity of general merchandise which was to have been shipped on the British steamer Intrepid for New York.

Arrested for Forgery.

BERLIN, April 9.—Herr Hegelmasser, the burgomaster of Heilbronn, a town in Wurttemberg, has been arrested on the charge of forging public registers.

FLOODS IN ALABAMA.

Great Damage Done by High Waters in the Northern Part of the State.

BIRMINGHAM, Ala., April 9.—Heavy rains during the past few days have done great damage all over northern Alabama. No trains have run on the Kansas City, Memphis and Birmingham road for three days, owing to washouts and landslides. The Georgia Pacific railroad has not been able to get a train through from here to Greenville, Miss., for a week, the track being washed out in many places.

Around Attalla the entire country is submerged with water and the trestle, 125 feet long over the creek, near Coalburg, on the branch of the Georgia Pacific is washed away. While a gang of laborers were rebuilding it, Charles Harter, the foreman, fell into the creek and was drowned. The rivers are rising rapidly and overflowing in many places. The damage to railroads alone will be many thousands of dollars. The rain has ceased to fall.

Democrat Delegates from Boston.

BOSTON, April 9.—The Democrats yesterday afternoon elected these delegates at-large to the Chicago convention: John W. Corcoran, P. A. Collins, John F. Russell and Albert C. Houghton.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

SATURDAY, APRIL 9, 1892.

WEATHER INDICATIONS.

For Kentucky, generally fair till Sunday night; cooler; north-west winds; a moderate cold wave in east portions; severe frosts Sunday morning.

About eighty tracts of land in Huntington Township, across the river, are advertised to be sold for taxes. You don't hear of many such sales in Kentucky.

"S. E. J." closes a long article in the Cincinnati Enquirer, on the Democratic situation, with the remark: "The man to nominate is the man who can win." Certainly. But who is he, if not Cleveland?

The Lexington Leader says: "Grover Cleveland has been credited with the political maxim that 'public office is a public trust,' but the same thought was uttered in almost the same language by Henry Clay upward of sixty years ago." That goes to prove the truth of the saying: "Great minds run in the same channel."

The Maysville correspondent of the Cincinnati Post and of the Louisville Post got badly mixed. He represented Mr. Chain as bluffing 'father-in-law Ervin in the sensational scene on the Lexington pike Wednesday, and happily and triumphantly proceeding on his wedding trip with his bride. The bluffing was on the other side. The old man captured his daughter, and carried her back home. At last accounts Mr. Chain hadn't succeeded in recovering his bride. He certainly must not be a Kentuckian, or he would have had his fair Mary ere this.

Limestone Stallions.

The stallions of the Limestone Farm will be at Wells & Biggers' stable next Monday—Court day—where they will be gladly shown to all. Breeders are especially invited to call and see them.

The Skill and Knowledge

Essential to the production of the most perfect and popular laxative remedy known, have enabled the California Fig Syrup Company to achieve a great success in the reputation of its remedy, Syrup of Figs, as it is conceded to be the universal laxative. For sale by all druggists.

Five on Land and Five on Lots.

The BULLETIN was a little in error yesterday in its item in reference to the action of the State Board of Equalization concerning the assessment of Mason County. The Board's increase on land and personalty was reduced from 15 per cent. to 10 per cent., and its increase on town lots from 10 per cent. to 5 per cent. This is better than we had it yesterday. The committee succeeded in saving the tax-payers of the county about \$4,000.

Death of Dr. Garrard.

Dr. W. M. Garrard, a prominent physician and Democratic politician of Southern Illinois, died Thursday at Hot Springs. He was a delegate to the Democratic National convention in 1876 and 1880, and during Cleveland's administration was Receiver of Public Money at Cheyenne, Wyo. His remains were taken to Lawrenceville, Ill., for burial.

Deceased was well known in Maysville, leaving a number of relatives and warm friends here. His wife was Miss Matilda Coburn, second daughter of the venerable Mrs. Ann Coburn of West Third street. Mrs. G. W. Blatterman is a cousin of the deceased.

Dr. Garrard was seventy-three years old, was a native of Paris and was a grandson of Governor Garrard. He visited in Maysville last summer, and wrote only a few days since that he would be in Maysville in May.

Compliment to a Former Maysvillian.

The Army and Navy Register had a complimentary notice of a former citizen of Maysville in its last issue. It says: "There are no less than seven applicants for the appointment of Chief of the Bureau of Medicine and Surgery of the Navy, which falls vacant April 2, on the expiration of the four years' term of General Browne. Foremost on the list is that of Medical Director Hord, whose long service at sea and high character certainly entitle his application to the consideration of the appointing power. Medical Director Hord is the oldest officer in his department of the service, and stands next in rank to General Browne on the Navy list. He entered the Navy in 1854. Dr. Hord has performed faithfully every duty to which he has been ordered during his long term of thirty-eight years' service, and is every way qualified to make an excellent Surgeon General of the Navy."

GOES TO THE GOV.

The Bill Appropriating \$100,000 For the Exhibit at World's Fair.

Measures of Interest to Mechanics and Turfmen—Proceedings of the Legislature.

By an almost unanimous vote yesterday, the Senate concurred in the House amendments to the World's Fair bill, and it goes to the Governor to-day for his approval. The bill appropriates \$100,000, and insures an exhibit at the World's Fair that no Kentuckian will be ashamed of. The bill creating the office of Assistant Inspector of Mines was reported favorably in the Senate.

In the House the following new bills were introduced Friday:

Mr. Gay—Act to prevent pollution of streams.

Mr. Dawson—Act to provide for better public roads.

Mr. Myers introduced an act amending the mechanics' lien law of the State, providing for an absolute lien in favor of laborers and material men upon improvements and the land whereon the same have been erected. The present lien law, Mr. Myers says, is lame, defective and misleading to laborers, and the new bill proposes to cure these defects.

Dr. Wood, of Warren, introduced a bill of much importance in turf circles. It is a bill to prevent what is commonly known as "ringing in" and other fraudulent practices on race courses. It is made unlawful to enter for competition, or to compete for any purse, or to ride, any horse under an assumed name, or out of its proper class, and a violation of the act is made a penitentiary offense. The name of any horse shall not be changed for entry after having once contested for a race, except as provided by the Code of Rules of the Association conducting the races. Fraudulently misrepresenting or concealing the former record of speed of a horse is also made a felony.

Mr. Bailey's bill to authorize the working on a farm of one hundred convicts to cultivate food for the State prison, was reported adversely and killed.

The good-time bill, which proposed to give well-behaved convicts a commutation of ten days off their sentences, having been objected to by the Mason-Foord Company, lessees of the prison, was reported back from the committee, with a substitute proposing a commutation of six days, which was agreed to by the lessees. Mr. Whitaker wanted to make some investigations as to whether the Mason-Foord Company can dictate in this matter, and the bill was made a special order for next Wednesday week.

The bill authorizing cities of the second class to issue funding bonds was to-day withdrawn from the Senate, on motion of Mr. Myers, and was recommitted to the Committee on Judiciary.

SURVEYOR GORE says the Higginsport correspondent of the Cincinnati Commercial Gazette told a ten-thousand-dollar lie the other day in reporting his talk as to the cost of re-platting the towns in Brown County. The cost will be nearer \$1,500 than \$10,000.

YOUNG man, when you start out to buy a spring suit, you will make a mistake if you fail to call at the Oddfellows' Hall Clothing House. Hechinger & Co.'s stock consists of a variety of colors, styles and cuts that you cannot find elsewhere. An immense and beautiful line, also, of children's, boy's and youth's clothing.

DEPUTY MARSHAL STOCKDALE was feeling unusually good yesterday, all on account of a letter received from Washington City notifying him that he has been granted a pension of \$12 per month. The letter contained a voucher for \$216, the amount of arrearages. Mr. Stockdale's claim has been pending for some time. Not long since he wrote to Congressman Paynter about it, with the result as above.

HAVING closed out their stoves and tinware, W. L. Thomas & Bro. have moved their stock of queensware and glassware into the store room on Court street immediately at the rear of the old store. They are offering these goods at prices never before offered, and are anxious to close them out as soon as possible. Parties owing the firm will confer a favor by calling and settling their accounts. dtf

PROFESSOR HICKS makes the following forecasts for the present month: "Much unsettled and stormy weather will continue past the 5th and 6th. The 10th to 13th, inclusive, is a period of special excitement. Watch the storms. Heavy hail with much thunder. A frigid wave resulting in frost and freezing is apt to appear at the close of this period. Warner, with secondary storms about the 17th and 18th. Easter squalls—cold, with snow flurries. The 23rd to 26th is also a marked storm period, followed by cold weather. Warner with storms 28th and 30th."

Here and There.

Mr. J. H. Arthur, of Millersburg, is in town.

Dr. Hays and wife returned yesterday from Mt. Sterling.

Mrs. Jane Morris is visiting her granddaughter Mrs. R. B. Griffith, at Indianapolis.

Mr. Charles Morford came up from Cincinnati last evening on a visit to his father and sisters.

Miss Lillian Duckworth, of Avondale, Ohio, arrived last evening, and is making a visit to her cousin, Miss Alice Higginbotham, of Sutton street.

Augusta Mu't Whack Down.

The suit to compel Augusta to pay the \$4,000 subscribed to the C. and O. guarantee fund several years ago was ended yesterday in favor of the guarantors. Judge Arthur ordered the authorities of Augusta to pay the full amount forthwith.

A FINE display of trimmed hats and bonnets at Mrs. Archdeacon's. Ladies, don't fail to see them.

MRS. HAL GRAY is improving her residence by adding a handsome iron basket balcony on the front street side.

The cold snap last night slipped up on the Weather Bureau. The temperature was down below the freezing notch this morning, and some of the early vegetables will likely be nipped.

CAPTAIN M. C. HUTCHINS reports the following sales made in the last two days: Geo. W. Harding to Amanda Wise, house and lot on south side of Forest avenue, \$1,300 cash; James Barbour, lot in "Culbertson," to Minta Harding, \$300 cash; James Barbour to Mary A. Perry, lot No. 50, in "Culbertson," \$125 cash; James Barbour to M. C. Pickett, lot No. 39, in "Culbertson," \$300 cash.

MRS. S. E. WAUGH has created somewhat of a sensation at Flemingsburg by suing her husband Dr. J. C. Waugh for divorce and for \$2,500 alimony. The defendant has a number of relatives in this city. The plaintiff alleges cruel and inhuman treatment and says the defendant has formed a settled aversion to her. There are two sides to all such cases and the doctor will give his version of the trouble later on. He is comfortably fixed financially.

THE MARKETS.

CINCINNATI TOBACCO MARKET.

[Thursday.]

The breaks were of a fair size, there being 230 hhd's of old and 532 of new, making 762 hhd's in all. There was a good attendance of buyers, and they were bidding fairly, though manufacturers are not eager buyers. Old trashes and lugs are in fair demand at unchanged prices. A small amount of common old leaf is selling at 10 to 12¢. No medium good or choice old leaf was on sale. New trashes and lugs are in moderate demand at unchanged prices. A considerable quantity of the common and medium new leaf is out of condition, and prices are very irregular, manufacturers not wanting it, and it is neglected by dealers. Of the 230 hhd's (old) 13 sold from \$2 to \$3.00, 106 from \$1 to \$2.95, 97 from \$2 to \$7.90, 7 from \$8 to \$9.70, and 7 from \$10 to \$10.75. Of the 532 hhd's (new) 51 sold from \$1.30 to \$3.80, 207 from \$4 to \$5.90, 123 from \$6 to \$7.90, 52 from \$8 to \$9.95, 51 from \$10 to \$11.75, 38 from \$12 to \$14.75 and 10 from \$15 to \$19.75.

And in such quantities, qualities, styles, colors and shapes that you will be surprised when you see them. As a matter of course we refer to our Spring stock. We are a little tired, ourselves, at the stereotyped expression "never before," etc., but we do assure our friends that our lines in our different departments are well worthy of your examination.

Our Usual Confined Lines of Strictly Tailor-Made Clothing Consists This Spring of a Variety of Colors, Designs in Style and Cut That You Cannot Find Elsewhere.

We can only say to good dressers: See what other folks have, then come and look at ours, and choose for yourself. Our Tailoring department, as always, stands at the head of the list. Last, but by no means least, let us say a word about our Children's department. We try to please the little ones and think we will do it this spring SURE. Our lines in Children's, Boys' and Youths' Clothing is immense and beautiful. Mothers, come and look at them.

MAY GET IT.

"It" Means a Shoe Factory—Some of Maysville's Solid Citizens Take Hold.

There is some prospect that Maysville will, after all, secure a shoe factory, and that, too, at no distant day.

It is not generally known that at a meeting of some of the enterprising citizens of this city, held Thursday afternoon, the subject was very favorably discussed. Several of the parties are very enthusiastic, and are satisfied that such an enterprise here would be a success from the very start. One of the gentlemen was largely instrumental in starting a factory of another kind here a year or two ago, and its success so far and its growing business encourage him to put some of his money in another enterprise.

The meeting referred to was a meeting of the Directors of the Limestone Building Association. All such associations are largely interested, and are largely instrumental, in building up and improving the city, and the subject of securing some new enterprises for Maysville was brought up. A shoe factory was suggested.

The plan discussed was to organize a stock company, with shares at the small sum of \$10 each in order that everybody in the city might be induced to subscribe and thus be enlisted in the success of the enterprise. The affairs of the company to be managed by a Board of Directors, as the building associations have always been controlled, good and prudent men to be selected, who will look well to the interests of all concerned. A practical shoe man, of course, would be placed in charge of the factory.

This is about the substance of the plan discussed. Nothing definite was decided on. Another meeting will probably be held soon to take further action in the matter.

If you want anything in the furniture line there's no better place to buy it than at Henry Ort's, on East Second. He leads in the size and quality of his stock, leads in bargains and makes every effort to please and gratify his customers. Read his advertisement.

CAPTAIN NEWTON COOPER and Geo. W. Clinger left for Kenova, W. Va., last evening on a business trip. Kenova is at the junction of the C. and O. and N. and W. railroads, and considerable building is being done there at present. Fully 2,000,000 brick will be used this season, and Mr. Cooper went up to see about furnishing some of these brick. Mr. Clinger goes to bid for some of the work.

REV. J. MORELAND, colored, pastor of Scott M. E. Church, this city, a few years ago, was transferred from Union Chapel, Cincinnati, to some point in Indiana by the late conference. His flock had become so greatly attached to him that they refuse to accept Rev. Johnson, who was sent there from Winchester, and have openly rebelled against the action of the Bishop. Mr. Johnson tried to preach to them the other night, but was sung down.

HONORED AT ANN ARBOR.

Milton Johnson, Formerly of Mayslick, Comes to the Front in Michigan.

Mr. Milton Johnson, a law student in the University of Michigan, at Ann Arbor, was on Tuesday night, April 5th, chosen President of the Northern League Oratorical Association. This League is composed of seven of the leading institutions of the North and North-west. Mr. Johnson was chosen over thirty candidates, and the Southern students were wild with enthusiasm.

The Detroit Free Press remarking on the event says: "If her women are as true and fair as her sons are brilliant and eloquent, history repeats itself, and in the 'Old Commonwealth' Greece is again having her flowering time."

Mr. Johnson has a host of warm friends in this city and county who will be glad to learn of the honor he has received at Ann Arbor. The college there is one of the leading educational institutions of the United States.

Mr. Johnson had charge of the Mayslick school several sessions in succession of late years, and won a warm place in the hearts of his pupils and patrons. Last fall he was chosen Principal of the Maysville High School, but when he learned later that he was not to have entire control of the school, he resigned, and going to Ann Arbor entered the Law School of that University. His parents reside near Germantown. He has been a close student all his life, and has bright promises of a brilliant future.

INTERNATIONAL MONEY CONGRESS.

One is Liable to Be Held in Chicago in 1893.

WASHINGTON, April 9.—Representative McCreary, of Kentucky, for Mr. Springer, Friday, introduced in the house a bill to authorize the holding of an international monetary congress. The bill provides that the congress shall be held in Chicago, commencing Aug. 3, 1893, to continue in session until a majority of the congress may determine to adjourn. Twenty-one delegates to the congress are to be appointed to represent the United States.

The president of the United States is to appoint seven of the delegates, the president of the senate seven, and the speaker of the house of the present congress seven. The appointees of the president are to be citizens of the United States not holding any office under the government, and the appointees of the president of the senate and the speaker of the house are to be members of the Fifty-second and Fifty-third congresses. Not more than four of the appointees are to be members of the same political party.

The presidential appointees are to receive \$5,000 a year; the others no additional compensation. The secretary of state and the director of the mint are to be delegates on the part of the United States.

The president is authorized to invite the governments with which we maintain diplomatic relations to send representatives to the congress, each to determine the number of representatives it shall send. But each government is to be entitled to one vote only, to be determined by a majority of its delegates.

The congress is to formulate and submit for the approval of the governments represented a uniform system and nomenclature of coinage, and of weights and measures, and also, if feasible, an international agreement as to the relation which shall be maintained between gold and silver, and as to the uniformity in weights and fineness of the coins of each metal and the adoption of coins that would be current at the same value in all countries of the world.

Flouring Mill Burned.

SHELBYVILLE, Tenn., April 9.—The Victor mills, a large flouring establishment, situated in the heart of the town, were totally destroyed by fire, which started at 2 a. m. Friday. Loss about \$25,000. Insurance estimated at \$12,000. The books and papers of the concern were burned. The mills were owned by Russell & Espy. The electric plant of the town, located in the mills, was also burned and the town is without public light and water. The cause of the fire is not known.

Believing for the Dead.

CINCINNATI, April 9.—Ever since the burning of the steamer Golden Rule on the river front last Thursday a week, divers have been busy searching for the dead bodies supposed to be in the hold of the wrecked vessel, but were not successful until yesterday when four bodies were recovered. They were: William Madison, alias Buck Warner, deckhand; Mate Frank Reilly; Mat Holman, deckhand, and Barney Grym, roustabout.

Derailed Freight Car.

WASHINGTON, April 9.—Officers of the Chesapeake and Ohio Railway company here have received a report that a freight car derailed on the trestle at Iron Mountain, Va., wrecked one spin of the trestle and necessitated the transfer of the passengers across the break, thus causing the fast express a delay of about two and a half hours. No other accidents have been reported.

Killed by a Land Roller.

LANCASTER, Pa., April 9.—John Caut, a young man twenty years of age, met a peculiar death near here yesterday. He was driving a heavy field roller. A fellow-workman saw that there was something wrong, and, upon investigation, Caut was found with the heavy roller on his neck and strangled to death.

Compromise in Politics.

INDIANAPOLIS, April 9.—It is stated here that the Gray and Cleveland factions have finally reached a compromise. Cleveland's supporters are said to consent that Gray shall have the Indiana delegation's vote for a few ballots, the delegation then to go to Cleveland and stay with him until the battle is ended.

Whole Family Sick.

MOORESVILLE, Ind., April 9.—Scott Mann, living near Landersdale, and seven of his children, are ill of diphtheria in its most virulent form. Two little girls, aged respectively three and six years, died yesterday, and others are not expected to live. The whole family was taken sick within twenty-four hours.

It Meant Death to Refuse.

CHICAGO, April 9.—Luke Shank was shot and instantly killed late Thursday night by William Kunlich. The shooting occurred in Shank's own home, and the only provocation was the fact that the murderer wanted to spend the night under his victim's roof, but was denied the desired favor.

An Aged Akronian Shuffles Off.

AKRON, O., April 9.—Timothy Lane, who has been connected with the Akron Gas company for thirty years, and a resident of the city for twenty years longer, committed suicide by taking laudanum. He was seventy years of age, widely known and popular.

Found Unconscious.

New York, April 9.—Paymaster George W. Long, U. S. N., forty-two years old, was found unconscious in his room at 35 West Eighteenth street yesterday morning. It is believed to be either a case of morphine poisoning or alcoholism.

Threw Her Child in a Sewer.

ASHLAND, Pa., April 9.—Miss Lizzie Uhl was arrested Friday for throwing her newly born illegitimate child into a sewer on Third street, where it was found alive by workmen. Officers are searching for the father of the child.

Judge Arnold Dead.

WASHINGTON, April 9.—Judge D. G. Arnold, fifty-three, a brother-in-law of Senator Stockbridge, died at the latter's residence yesterday afternoon of Bright's disease.

Real Estate Transfers.

Abram Cracraft to Ezekiel Campbell, two acres on Shannon; consideration, \$25. Alexander Runnans, by Commissioner, to David Early, house and lot in Helena; consideration, \$700.

W. S. Frank, executor of Rev. R. C. Kicketts, to Dr. John T. Fleming, house and lot on Front street, between Sutton and Market; consideration, \$3,200.

County Court Doings.

Another special term was held yesterday, Squire Grant presiding in Judge Phisters' absence.

Charles G. H. Schmid & Co. and James Clark were each granted license to retail spirituous, vinous and malt liquors.

James Irvin, a native of Scotland, renounced his allegiance to all foreign powers, and was declared a citizen of the United States.
